

CHICAGO VICTOR IN THE AMERICAN LEAGUE

(By Associated Press.)
DETROIT, Sept. 26.—In a loosely played game Washington defeated Detroit 8 to 5. Ayres pitched well and the lead of six runs his team mates gave him made his task light.

(By Associated Press.)
CHICAGO, Sept. 26.—The American league season closed here with a 5 to 1 victory for Chicago over New York. The locals by their win remained in the pennant race, 2½ games behind Boston, who also won.

Chicago won the game by bunching hits off Russell, Felsch's home run, which cleared the left field screen, being the winning run in the fourth inning.
The locals clinched the contest by hitting Love hard. Baker's walk in the fifth inning, an infield out and Walters' single saved the visitors from a shutout. Felsch was given \$100 after making his circuit drive by Chicago admirers formerly of Dubuque.

(By Associated Press.)
CLEVELAND, Sept. 26.—Boston made it three out of four by winning from Cleveland 2 to 0. Cleveland made as many hits as Boston, but could do nothing with Ruth with men on bases.

(By Associated Press.)
NEW YORK, Sept. 26.—By winning another doubleheader from St. Louis here, 1 to 0 and 6 to 2, the New York Giants won their 21st straight victory and created a new record for successive victories, smashing the record of the Providence Nationals, who won 20 straight games in 1884.

(By Associated Press.)
BROOKLYN, Sept. 26.—Brooklyn managed to hold the lead in the National league pennant race by dividing a doubleheader with Chicago. The visitors won the first 7 to 4 in 10 innings. Brooklyn took the second 4 to 2 through Marquard's effective pitching. Errors behind him allowed the visitors to tie the score in the

eight, but the locals came back with three hits which, with a passed ball, gave them two runs and the game.

(By Associated Press.)
PHILADELPHIA, Sept. 26.—Philadelphia easily defeated Cincinnati, 4 to 0. Rixey had his opponents almost at his mercy and while they made seven hits, they were scattered through six innings. Philadelphia hit Schneider hard in the early innings. Chase got two runs in four times at bat.

(By Associated Press.)
BOSTON, Sept. 26.—Boston won two games from Pittsburgh, 5 to 0 and 3 to 2. In the first game, J. C. Smith, of Boston, made four singles in four times at bat, each hit scoring a run. In the two games the four pitchers working had a total of 29 strikeouts. Tyler had 11 and Grimes 5 in the first game, while Mameaux had 8 and Reulbach five in the second.

DEEPENING THE VICTOR

The shaft in the Victor mine, which is being extended down from the 1540 level, has reached a point 75 feet below the station. Thus far there is no appreciable increase in the flow of water. At the 1800 point a crosscut will be run to the Murray, which vein is dipping toward the shaft, and on the new level there will be economy in tramming.

GOOD GOLD ORE

T. H. Carroll and associates of this city are greatly pleased with a prospect they have in the White Mountains. They are taking out a shipment of ore, the average value of which is \$37.52. It contains gold and silver, the former metal greatly predominating.

TONOPAH METHODS ARE PRAISED

That the mines and mills of Tonopah are becoming famed for the efficiency of their operation is being evidenced daily through the comments that are being made in the mining press and by visitors who come here to study the methods of the companies.

ALMOST PURE METAL

In the mountains north of Crow Springs, W. P. Clendenin and associates of this city have uncovered a ledge that contains little gangue, as the assays show, the ore running as high as 130 ounces of silver and 70 per cent copper to the ton. Sufficient work has not yet been done to demonstrate the extent of the deposit. The ore is similar to that in the high grade streak in the Payroll mine, in the same locality.

Political Announcements

Recent arrivals are two men who rank high in mining and metallurgy. They are G. P. Garcia and M. W. Beckwith. Both are mining engineers with not merely degrees from their schools but are also schooled in experience. They are from Pachuca, Mexico, representatives of the United States Mining, Smelting and Refining company. Mr. Garcia is assistant manager of the Pachuca Cia Real del Mexico, representatives of the United is general superintendent. They said to the Bonanza:

"We have been cut off from traffic for years and our company desired that it become acquainted with the latest word in mining and ore reduction methods, hence our trip. We have visited many mining camps in the United States and have been, we hope, apt students in the practical school which this country presents. We have not yet been underground in Tonopah, but we have visited a number of top workings, having just concluded an inspection of the Belmont mill, which is the best we have thus far seen in point of efficiency. It was a pleasure to note that this company is using the Pachuca tanks.

"So far as our observations have led us we find that efficiency and economy are being conscientiously and successfully, not merely to say scientifically, practiced in Tonopah. That is what is being done, or will be done, in mining all over the world. There is no longer the whoop and hurrah, the excitement and enormous profits and losses that there were in the earlier days of mining. Properties are now worked for what there is in them and by the most economical and efficient processes possible. Cost sheets are becoming one of the most important items in mining and
